

Fastener Technology International

2008 Buyers' Guide

The products covered by this checklist fall into five major categories: Fastener & Precision Formed Parts; Materials, Wire, Rod, Bar & Strip; Manufacturing/Distribution Supplies & Service; Machinery/Equipment/Process Classifications; and Assembly Equipment/Tools/Supplies.

Up to 10 of your listings will be carried FREE. There is a charge of \$10 for each additional listing over 10 in number, and a check must be sent with this completed form by June 22, 2007, or we will bill you. Advertiser's listings will appear in **boldface** type. **Advertisers with one-fourth page or greater in the directory will receive unlimited product codes.**

If a computer sheet is not enclosed for your listings, please use the boxes on page 2 of this form, indicating your company name and address exactly as you wish them to appear in the listing. Please include country. We reserve the right to edit to conform with catalog style.

NOTE: When a separate white computer sheet for updating accompanies this checklist, fill out and return the updated sheet, referring to this checklist for expanded product information.

Advertise in Fastener Technology International Buyers' Guide

Get year-long exposure for the price of a regular issue ad!

Your ad will appear in the sections listing your products, not grouped together as in other trade directories. You'll want to order advertising space large enough to tell your complete story. Then use a column inch ad before each of your listings to spotlight your product or service.

Thousands of copies of the Fastener Technology International Buyers' Guide will be ready for distribution in Nov, 2007. The Guide will be the handy 5 1/2" x 8 1/2" digest size. Use it to disseminate your message throughout the fastener industry.
