

# FTI 2010 BUYERS' GUIDE

## Product Categories and Update Form

The 2010 edition of the Fastener Technology International Buyers' Guide will be published November 2, 2009.

The products covered by this checklist fall into five major categories: Fastener & Precision Formed Parts; Materials, Wire, Rod, Bar & Strip; Manufacturing/Distribution Supplies & Service; Machinery/Equipment/Process Classifications; and Assembly Equipment/Tools/Supplies.

NOTE: The product/contact update form on the last page should be updated and returned as soon as possible. If you would like to see a new product category in our next issue that is not listed, please write the category name on the form and send to [mcnulty@fastenertech.com](mailto:mcnulty@fastenertech.com).

If you are a new listing for the 2010 edition, review the product codes provided. Complete the last page, filling in the product codes in the boxes, along with your company information. Please note that up to 10 product codes will be provided free of charge. Advertisers (one-fourth page or greater) in the directory issue will receive unlimited product codes. Their listings will also appear in **boldface** type. Those not advertising will be charged \$10 for each product code over 10. A check must be included with this form if over 10 listings or we will bill you.

Publisher reserves the right to edit, modify or exclude any listing and is not responsible for the accuracy or completeness of directory listings beyond exercising reasonable care in preparation.

### Fasteners & Precision Formed Parts

<b>00001</b> ANCHORS-Concrete Expansion	<b>00740</b> BOLTS-Tamperproof	<b>00980</b> FASTENERS-Specials	<b>01755</b> NUTS-Extruded (U-Type)

# Advertise in Fastener Technology International Buyers' Guide

**Get year-long exposure for the price of a regular issue ad!**

Your ad will appear in the sections listing your products, not grouped together as in other trade directories. You'll want to order advertising space large enough to tell your complete story. Then use a column inch ad before each of your listings to spotlight your product or service.

Thousands of copies of the Fastener Technology International Buyers' Guide will be ready for distribution in November 2009. The Guide will be the handy 5 1/2" x 8 1/2" digest size. Use it to disseminate your message throughout the fastener industry.

## DISPLAY AD RATES

Space Units	1X	3X	6X	9X	12X	Width & Depth
